Coralie -

I'm going to pass this request to Jackie and Lasha. We just restarted the conversation about the snails in a quick meeting after our call today (that's what happens when you give us an extra half hour) so your query is timely.

Best -

Mary,

Is it possible to get a copy of the informal consultation referenced in the preliminary BO? "Per meetings with your staff on October 1 and 2, 2015, the DON has requested our concurrence with your determination that the subject action is not likely to adversely affect the endangered humped tree snail (*Partula gibba*), Guam tree snail (*Partula radiolata*), and fragile tree snail (*Samoana fragilis*). Our assessment of project effects to these species are addressed in the informal consultation (Appendix A)."

We would like to include this information in the revised BA.

Coralie
